SENTENCED FOR VIOLATING ORDER

Paul Spacey of Near New Salem
Held in Contempt of Court by
Judge Sparks Today

TO PENAL FARM FOR 90 DAYS

Also Fined \$100 For Failure to Pay
Wife \$5 a Week Support Money
—In Court Many Times

Having been cited for contempt of court for the fifth time, Paul Spacey of near New Salem was arrested again this morning and arraigned before Judge Sparks and because he had violated an order of the court, he was given a fine of \$100 and a 90 day sentence at the state penal farm.

Spacey was given a ten day jail sentence about two months ago for the same reason, but this evidently did not impress upon him the seriousness of the court's order.

Spacey filed suit for divorce from Ida May Spacey on January 20 of this year, and on February 12 Mrs. Spacey was granted \$5 a week support money for their two children. It is said that he failed to make the necessary payments three times and when he was brought into court, he was granted more time to make the payments.

In October he was behind approximately \$100 and was not making an effort to comply with the court's order and he was given a ten day sentence. This week he filed a petition with the court asking for a change of venue with his divorce suit, but Judge Sparks withheld action on the petition on account of the fact that he had not obeyed the court's orders, and an attachment was ordered.

It has been pointed out that the next charge will be wife desertion, unless he makes the necessary payments after his release from the penal farm, and this charge carries with it a 1 to 3 year term in the state prison.

In the divorce suit of James W. Porter against Helen I. Porter, colored people of Carthage, which was heard in the court last Saturday, Judge Sparks has granted the plaintiff a divorce, and proper provision

ATTEMPT TO PROVE DECKER LOST NERVE

State's Attorneys in Atwood Murder
Case Introduce Testimony to
Show He Returned Policies

INSURANCE AGENTS WITNESSES

(By United Press)
Columbia City, Dec. 2.—State's attorneys attempted to prove today that Fred Decker lost his nerve and abandoned a \$24,000 insurance murder plot following an inquest over Leroy Lovett's body. Two of the insurance agent witnesses of Warsaw testified that Fred had come to their offices shortly after the inquest and returned two policies to which Virgil had prescribed preceding the murder.

The state charged Fred had entered into the plot with his two brothers, Virgil and Cal, and his mother, to collect \$24,000 life insurance which Virgil carried, by testifying that the body found along the Pennsylvania railroad near Atwood was that of Virgil. Virgil is serving a life sentence for the crime and Cal still stands accused.

Lee Byby, an employee of the Atwood bank and also agent for the Bankers Life Insurance company, said he had sold Virgil a \$5,000 policy with a double indemnity clause. He declared Fred had returned the policy to him shortly after authorities found the body thought to be that of Virgil and afterwards the testimony was refuted and the body identified as that of Leroy Lovett.

Byby also testified that Fred also made the first payment on the policy and guaranteed the remainder of the payments. William Hall, another insurance agent, testified Fred had returned the \$5,000 policy of Virgil to him after the inquest. He said he had counseled Virgil to take out a policy of \$1,000 but Fred assured him the future payments would be made.

The funeral services will be held Monday afternoon at 1:30 at the M. E. church in Orange, conducted by the Rev. Mr. McMichael, and burial will be in the North cemetery at Orange.

LOOKED FORWARD TO THE ELECTION

Governor McCray Acted With Political Expediency When He Set
Special Session Date For Dec. 14

AIM IS TO LIMIT MEETING

Date May Have Psychological Effect
of Inducing Lawmakers to Finish
Session Before Christmas

Indianapolis, Ind., Dec. 2.—Looking forward to the Indiana elections next year, republican party leaders may bring political pressure to bear upon the republican majority in the legislature to limit their special session called for December 14 to as short a time as possible.

An extended session would be likely to cause folks back home to ask their state senators and representatives why they spent the state's money in procrastination. This would be particularly true in the case of those legislators seeking re-election.

Governor McCray called the session to make right the faulty law enacted by the last legislature providing for removal of the reformatory from Jeffersonville. The law has been pronounced unworkable and Colgate and Company, purchasers of the present site, are asking possession of the property.

It is understood the governor acted with political expediency when he set the date just eleven days before Christmas. This may have the psychological effect of inducing the law makers to hurry their work so they could burn the yule log at home.

Leadership in both houses will have much to do with the length of the session. Lieutenant Governor Emmett Branch of Martinsville is expected to line up with the administration forces and their plea for a brief session. A new speaker is to be chosen in the house to succeed the late John F. McClure of Anderson and the attitude of this official remains problematical.

MUST MAINTAIN BIG ARMY

France Must Act in Own Defense,
Premier Briand Declares

Harve, France, Dec. 2.—France must maintain an army big enough to assure her own defense unless given guarantees of security, Premier Briand declared today in a speech upon his arrival here from Washington.

"If we are given guarantees, we are ready to consider all suggestions," he said. "Otherwise we must assure our own defense as we understand it."

He said naval limitation was possible but that France must maintain its present proportionate naval strength, "the same as the other powers".

POLICEMAN KILLED IN A JAIL BATTLE

Most Serious Outbreak in Ireland Since Truce Reported at Londonderry Early Today

REGARDED AS AN INSIDE JOB

Londonderry, Dec. 2.—The most serious outbreak in Ireland since the truce was reported in a dispatch to the Evening Star from Londonderry where two policemen are said to have been killed in a jail battle.

Armed men attacked the jail at 3 p. m., the report said. Simultaneously prisoners began a riot and attempted to escape. The police rallied to the defense of the prison, driving off the attackers and hemming the prisoners in their cells.

Details of the battle contained in other dispatches indicated it was an inside job. Five warders and three civilians have been arrested, it was said.

The two police were strangled to death when they were overwhelmed and gagged so securely they could not breathe.

It was also reported the police had been killed by poison gas and chloroform.

THREAT IS MADE TO KILL ARBUCKLE

Letters Received by His Attorneys Say "You and Your Fat Friend Will be Assassinated"

EXTRA PRECAUTIONS TAKEN

Regarded as Foregone Conclusion That Movie Comedian Will be
Accused by the Jury

By M. D. TRACY

San Francisco, Dec. 2.—A threat has been received by friends of Roscoe Arbuckle that he would be shot down as he left the court room if he is acquitted of manslaughter in the death of Virginia Rappe.

This threat following the poisoning of the defense's star witness, Miss Irene M. Morgan, led to extreme precautions to protect the big movie comedian today.

The threat against Arbuckle's life was received by his attorney, it was learned. The letters addressed to each, stated "You and your fat friend will be assassinated." The girl witness—a nurse from Los Angeles—is reported hovering between life and death from effects of poisoning. Physicians said they believed she had been given a large quantity of asperin.

A gray haired middle aged man said to be a crank was sought as the poisoner.

Miss Morgan told police she had met the man at the Arbuckle trial, where an attempt had been made to impeach her testimony. She said she went walking with him yesterday at noon. She ate two pieces of candy he gave her. Later she was found on the floor of her room in convulsions. Physicians at first believed she would die, but declared this morning she had a good chance for recovery.

Arbuckle seemed little affected by the "assassination" threats which have thrown every one connected with the case into excitement. It is considered a foregone conclusion by most persons here that Arbuckle will be dismissed and elaborate precautions are being taken to prevent any demonstration.

The big comedian, after hearing Leo Friedman, youthful assistant to the district attorney, spend two hours describing the famed funny man of the movies as an arch criminal, said: "Well he sure burned me up."

In the eyes of Friedman Arbuckle was the calloused man who can play pranks, joke and laugh in the face of suffering and whose only thought when he saw Virginia Rappe and in agony, was to get her out of his room.

But to McNab, defense attorney, Arbuckle was a man who had tried to be a genial host and a helper to the sick and who found himself in

ENTRIES EXCEED ALL EXPECTATIONS

Early Indications Point to Unqualified Success of County Products Show Next Week

MISUNDERSTANDING IS FOUND

Entry Blanks Should be in Hands of Secretary by Saturday Noon But Failure Will Not Bar Exhibit

According to a statement by the secretary of the Rush County Products Show today, there is a little misunderstanding in regard to the time which entries and exhibits are to be in. It is pointed out by the secretary's statement that the impression that exhibits are to be brought to the show room on Saturday is not correct. Saturday is the date set for all entry blanks to be in the hands of the secretary, while the exhibits themselves are not wanted until Monday, preferably not before Monday afternoon. In the corn, women's and girls departments, the exhibits must be in place by 10 a. m. Tuesday, and in the hog and poultry departments the exhibitor has until noon Tuesday to get his exhibits in place.

While the secretary urges that all blanks be returned by noon Saturday, in order to simplify the work of the committees, the failure of an exhibitor to get the entry blank in by that time will not bar him from the show. He may make out his entry blank at the time he brings his exhibits, provided that it is not later than the times set above. However, the more blanks that are in the hands of the secretary by Saturday, the easier it will be for the committees to do their work.

Entry blanks are coming in now in a steady stream and the number received indicate that the number of entries will at least be up to expectations, and will probably be more than first anticipated. Full classes are expected especially in the poultry department.

MORSE WILL COME BACK TO AMERICA

American Ship Building Financier,
Accused of War Frauds, Detained
at Harve, France

FORTY MILLIONS INVOLVED

Harve, France, Dec. 2.—Charles W. Morse, American ship building financier whose apprehension in connection with alleged shipping frauds has been requested by the United States government, was allowed to land from the liner Paris upon arrival today. Morse probably will return to the United States Monday on the Paris.

"I am a victim of political complication," Morse said. "The republicans are trying to compromise the democrats."

Washington, Dec. 2.—Federal authorities have decided that the only way Charles W. Morse, ship builder and financier, can be brought back to this country at once unless he will come voluntarily is through a French government order for his deportation.

Requests for such an order have been made, it was definitely learned just before the meeting of the cabinet which is expected to discuss future steps to be taken to get Morse back to face charges of war funds which will be preferred against him by the shipping board here Dec. 8.

Morse's two sons, Edwin A. and Harry F. Morse, have issued a statement denying that their father left the country to avoid facing the charges to be brought against him by the Shipping Board, which involve contracts amounting up to \$40,000,000. They assert their father went to Europe because of an illness. An illness of Morse in 1912 caused former President Taft to pardon Morse from a federal penitentiary after being sent there for 15 years on charge of misapplication of bank funds.

RICHARDSON IS TOLD TO LEAVE RUSHVILLE

Man Who Was Accused of Assault and Battery on His Wife Ordered to Depart by Noon

CROSS CASE, MAY BE DROPPED

William Richardson, residing on West Market street, was arraigned before Justice Stech yesterday afternoon on a charge of assault and battery, filed by his wife, Fannie Richardson, and the court told him to leave the city before noon today. It is understood that the defendant had caused considerable trouble in his household for several weeks.

John G. Hartman was arraigned on a charge of issuing a fraudulent check this morning, and he entered a plea of guilty, and the fine of \$100 was withheld by the court, but the costs and the bad check was made good. It was charged that he had given Herbert T. Beher a check for \$12, on November 28, and bought \$1.55 worth of gasoline, and received the balance in cash.

A charge of passing a school hack, filed recently against the Rev. R. R. Cross of Milroy, has been continued indefinitely, and it is expected that the case will be dismissed in a few days. The hack driver was not positive that the hack had come to a standstill when the automobile approached.

BARGAINING IS IN FULL SWING

Japan Proposes to Accept Hughes Ratio on Navy if No War is Started Except on 6 Months Notice

BACKING AWAY FROM OFFER

Not so Keen About Agreeing to American Plan if United States Will Abandon Fortifications

(By United Press)

Washington, Dec. 2.—Bargaining over the big question now before the arm's conference—the capital ship controversy between the United States and Japan—is in full swing.

The Japanese today advanced the proposal that the Hughes ratio of 60 percent would be accepted if an agreement were reached among the powers that no war be started against Japan except on a six months notice.

The Japanese, however, are backing away from another proposal that America agree to abandon fortifications on the Pacific before they accept the Hughes ratio and made it clear that they will not break up the conference over the capital ship fight.

From sources close to Ex-President Wilson, it was learned that he is considering asking the league of nation's advocates request the country start a movement for America's participation in the league with any reservations the senate may see fit to impose. Mediation over the Shantung question continues.

The significance of the "six months notice" feeler is that Great Britain is laying the ground work for abrogation of the Anglo-Japanese alliance, and Japan wants to have her "national security" assured in the Pacific agreement substituted therefor.

While the Japanese give Hughes the credit for wanting the Far East cleared up before the naval program is settled, some American quarters suggest the Japanese themselves are using the naval difference as a club to get their price in the Far East—recognition of Japanese special interests in Manchuria.

While the Japanese question is still holding the main interest; the submarine problem and the allotment of ratio to France's and Italy's fleets are also receiving attention.

Britain has indicated through an official spokesman that she would ask for abolition of submarines if she found she had sufficient backing.

MORE THAN 300 TEACHERS COMING

With Weather Conditions Favorable, Crowd of 500 May be Expected Here Saturday

TO REPRESENT 8 COUNTIES

Annual Meeting of Sixth District Association Will be Addressed by R. J. Aley of Butler

Between three hundred and five hundred teachers from the eight counties in the sixth congressional district will be here Saturday for the annual meeting of the Sixth District Teachers association, according to reports which have been received from school officials in charge of the local arrangements.

If the weather continues bad, a maximum of three hundred are expected, but if conditions should become favorable, it is possible that as many as five hundred will be present for the morning and afternoon sessions.

Dinner will be served at 11:45 o'clock in the basement of the Main Street Christian church by the women of the church for the accommodation of the visiting teachers.

Fayette county sent word today that a delegation of 115 was coming and news from Richmond is to the effect that at least a dozen will be present. Cambridge City promises eighteen and Henry county fifteen to twenty. No definite word has been received from Shelbyville, but fourteen are expected from Brookville and sixteen from Liberty. All of the teachers in Rush county—145 in number will be present.

Department and sectional meetings will hold the stage from 9 to 10:30 a. m. Ten different sections will be in session at one time. A general session will take place at 10:30 at which time Miss Kathryn Ensminger of Shelbyville, president of the association, will speak and committees will be appointed. The afternoon program, opening at 1:30 o'clock, will be devoted almost entirely to an address by Robert J. Aley, president of Butler college. The afternoon session will open with a musical program by the Rushville high school, followed by the reports of committees and other business.

RALPH TEST DECIDES TO BECOME CANDIDATE

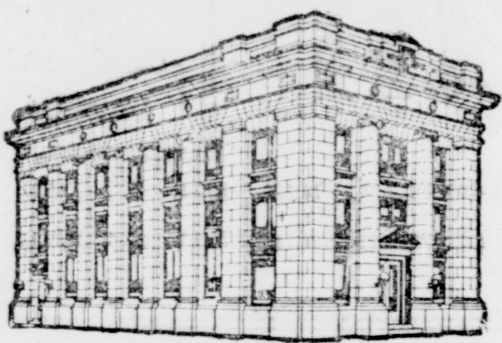

Henry County Agricultural Agent
Announces He Will Seek Republican Nomination

TO SUCCEED R. N. ELLIOTT

Newcastle, Ind., Dec. 2.—County Agent Ralph Test definitely declared last evening that "his hat is in the ring" and he will be a candidate for the Republican nomination for representative of the Sixth Indiana district in Congress. Mr. Test's name has been mentioned as a possible candidate for the congressional nomination, but a final decision on his part, it is understood, was not made until yesterday.

Mr. Test is a resident of Spiceland and has held his present office in Henry County since 1919, except for a few months last spring when he was for some weeks dangerously ill. Mr. Test, it is understood, has been assured the backing of many farmers of the district and especially here in Henry county. He will be a candidate subject to the primary election to be held next May.

During the recent war Test was a lieutenant in the United States army overseas and served for many months in France. During this period he was severely gassed and has been suffering as a result of this injury since his discharge. He will without a doubt have the best wishes of many Newcastle and Henry county friends in his coming race for the congressional nomination. Richard N. Elliott of Connersville, the present congressman, is the other candidate yet announced for the nomination.

THREAT IS MADE TO KILL ARBUCKLE

Continued from Page One
The clutches of a relentless prosecutor's office.

The arguments started late yesterday Friedman completing the opening address for the state and McNab starting his for the defense. Indications were that the last words for and against the defendant will be spoken this afternoon and the vast majority of those who have followed the trial predicted a verdict in time for Arbuckle to catch an eight o'clock for Los Angeles.

Arbuckle listened attentively to Friedman's denunciation of him.

Frequently he would wet his lips with the tongue which has licked away the filling from many a vagrant custard pie. His face reddened when Friedman denounced his own testimony as unbelievable. He went into detail as to the charge that Arbuckle had tortured Miss Rappe with a piece of ice, picturing him standing at her bedside "dressed in no more clothes than he would wear to bed at night, making sport of the body of a helpless girl".

Giving McNab for the defense, spoke less than 20 minutes. He made

great capital of the fact that the state had failed to call as a witness Mrs. Bambina Delmont, who swore to the complaint against Arbuckle.

The Arms Conference

The Washington conference is characterized by a total absence of the bickerings that featured the Paris peace conference. The secret trades that were continually taking place behind the scenes in Paris are wholly lacking at Washington. Not only do the delegates profess a friendship for one another, and a sincere desire to expedite the limitation of armaments program as outlined by Secretary Hughes, but

they are carrying out their public statements by their actions.

Great Britain, at first inclined to offer some reservations to the Hughes program, now has come out for it unreservedly. Japan is seeking to save one of her newest battle-ships that is included in the Hughes list of vessels to be scrapped, but with the United States and Great Britain sponsoring the same program, it is probably she will give way.

In discussions concerning the open door policy in China, the first approach toward a settlement of the Far Eastern difficulties, there is shown a similar determination by all to take the steps that will contribute most toward world peace. Every nation has agreed to the policy of equal opportunity in China. If every proposition that comes before the conference can be settled as promptly and amicably as those thus far discussed, the conference will establish a record of achievement scarcely dreamed of by its most ardent proponents.

Cultivate the art of speech. It is valuable. But polish it off with good sense and judgment. That is the essence of wisdom.

Many people believe that the end of wars is at hand. It may be true but we fear the hand is at the end of a long arm.

Honor the guest in thy house, lest he comes not again to clean up the best portions of the meal.

"My brother got so bad with stomach and liver trouble that when I saw him after a year I didn't know him. He was emaciated and yellow as a pumpkin and was often in great pain. The first dose of it gave him great relief and in a month he was good as ever." CONNERSVILLE IS COMING TUESDAY

Reserves Will Hook up With Odd Fellows Independent Team at Modern Appliance

PRELIMINARY IS ARRANGED

Games Will be Booked With Anderson, Richmond and Frankfort Here in Near Future

Much interest is being shown in the basketball game to be played at the Modern Appliance "gym" next Tuesday night December 6, when the fast Connerville Reserves will hook up with the Odd Fellows Independents. A large delegation of fans will accompany the Connerville team to this city. The locals play a return game at Connerville Saturday night, December 17.

The Connerville team is under the management of J. W. Young, who is active in athletics in Connerville and he has a squad of fast players, which includes Burkhardt, Lipps, Merchant, Cates, Tressler, Martindale and Wanley. Several members of the squad played on the American Legion team in Connerville last season.

A team representing Rush Post of the American Legion and the Shamrocks will clash in the preliminary game and this contest is also attracting attention. The Shamrocks played at Carthage Tuesday night, meeting the Reserves there and were nosed out in a hard fought game.

With two good games on the card it is expected that one of the largest crowds of the season will be on hands Tuesday night.

Fast teams are being booked for games here, it was announced today. Many communications are being received in regard to games, among the number being applications from Anderson, Richmond, Frankfort, and contracts will be closed soon for the appearance of these teams. On Thursday night December 8, the Odd Fellows five will go to Greensburg for a game with the Y. M. C. A. team, the representative aggregation of that city. A return game will be played later in the season here.

It is also planned to play Moscow and Sandusky return games here later in the season.

The locals are showing marked improvement in each game and are expected to hit their stride shortly. Regular practice is being held and some new combinations are being worked out, which are expected to prove winners. The game with Moscow Tuesday night proved that the local squad never gives up and some long lucky throws enabled the visitors to put over a victory.

The first fall came after twenty-seven minutes of wrestling and was accomplished with a leg scissors hold. Next fall required eleven minutes and was accomplished through a rolling arm lock hold. In the third Zhyzsko used a ful Nelson.

New Light on Batteries

"Since all batteries look so much alike on the outside, how am I going to tell which one has the most value inside?"

That is a practical every-day question—and it has a simple every-day answer.

What greater assurance could you possibly have than the following combination of facts:

- 1—Extraordinary quality in the battery itself, as shown by the choice of the Willard Threaded Rubber Battery as standard equipment by the manufacturers of 173 makes of cars and trucks.
- 2—A nation-wide organization to serve you; and—
- 3—A record for quality and service dating back nearly to the beginning of the automobile.

You don't need a formal invitation. Come in any old time and get some new light on this battery question.

CONFERENCE COACHES MEET TO FIX SCHEDULE

Fencing, Wrestling And Gymnastic Instructors Gather Today—Football Mentors Come Saturday

ONE INTERSECTIONAL GAME

Chicago, Dec. 2.—Fencing, wrestling and gymnastic coaches of the western conference met here today to arrange a schedule for the season. The place and time of the big ten championships in these events will be definitely settled at this time. Football coaches meet tomorrow to arrange the gridiron cards for 1922. At the same time track, baseball and swimming mentors will gather in annual session.

Little attempt will be made it is thought to list football games with eastern institutions. Only one intersectional battle—Princeton and Chicago here, has been settled, though Iowa may consent to travel to New Haven for a clash with Yale just previous to the Princeton game.

Michigan may arrange a game with Vanderbilt in the south and California may play either on the Illinois or Ohio state card.

Otherwise coaches are expected to limit competition to big ten. Chicago, Ohio State and Illinois will undoubtedly carry five conference on the schedule again while the other institutions appear to be satisfied with four big ten tilts and two with smaller colleges thereby leaving an open date between the hard battls.

Differences which caused a split between Ohio States and Iowa may be ironed out and a game arranged, it is said.

WAS SENSATION IN THE NEIGHBORHOOD

Fort Wayne Woman Recovers Health After All Hope Had Been Given Up

"If you could hear the people out in our neighborhood talk about Tanlae, you would realize what a sensation was caused by my recovery," said Mrs. J. P. Bell, 614 Wagner St., Fort Wayne, Ind.

"I was in wretched health and had been for a number of years suffering from rheumatism, nervous headaches and stomach trouble. I am sixty-nine years of age and finally came to the conclusion that I would never be able to be well and strong again, and I haven't the faintest idea I ever would have recovered, either, if it hadn't been for Tanlae.

Three bottles of Tanlae entirely relieved me of headaches and of rheumatism, too. I have a wonderful appetite now and never have the slightest tract of indigestion. It is simply beyond the power of words to express the gratitude I feel for the remarkable change in my condition."

Tanlae is sold in Rushville by B. Johnson Drug Co. and by leading druggists everywhere. Advertisement.

FEW FOLKS HAVE GRAY HAIR NOW

Duggists Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

AMUSEMENTS

Chaplin in "The Idle Class"

The headline attraction at the Princess today and Saturday will be Charley Chaplin, the famous comedian, in his recent release "The Idle Class." David Powell, in "Dangerous Lies," also will be featured in connection with the Chaplin picture making a good double attraction.

It is a new kind of a Chaplin comedy, for it shows him in two roles—that of the familiar tramp and as the absent-minded husband. Arriving in town on the train which the beautiful young wife uses to reach the summer resort, Charles crawls out of his "box compartment" beneath the Pullman sleeper, and dusts off his tattered golf bag, in which there are two clubs which have seen better days. He encoimes himself on the rear of the limousine, and thus finds his way to the home of the young wife.

Before the genuine Chaplin complications follow, he plays a game of golf on the resort links, using a ball belonging to another player and thereby earning for the latter some rough treatment at the hands of the angry father.

Later, as the husband, Charlie encases himself in a suit of armor and goes to a masquerade to win back the forgiveness of his wife, whose displeasure has been aroused. There the tramp enters, his attire being accepted by the doorman as a masquerade costume.

With such incidents it is possible

to realize the humor Chaplin is able to get out of them.

Hoot Gibson at The Mystic

Hoot Gibson, the hard riding young Universal star, is scheduled to spur across the screen of the Mystic Theatre today and keep moving until "Action", his new and smashing dramatic western story reaches its whirlwind finish.

"Action" could not have been a better story if it had been built to Hoot Gibson's measure. The story was originally written by J. Allan Dunn and read by thousands as "The Mascotte of the Three Star". Universal bought it, assigned Jack Ford to direct, and commissioned him to get together the best cast of players in the country for the supporting roles.

Clara Horton, the exceptionally appealing little emotional actress plays opposite the star while the remainder of the cast will give theatre goers an opportunity to watch the best work of such popular players as Francis Ford, J. Farrell McDonald, Buck Connors, William Robert Daly, Charles Newton, Jim Corey, Kingfisher Jones, Dorothea Wolbert and Byron Munson.

"Action" is particularly interesting to those hundreds of screen critics who have watched Hoot Gibson's work in his vigorous short reel Universal features. "Action" is his first five reel starring vehicle and a production which immediately gave him a permanent place in the foremost rank of western stars.

DUAL PERSONALITY FOUND IN ONE BODY

(U. P. Staff Correspondent)

Columbus, Ohio, Dec. 2.—Bernice Redick will soon have sole possession of her own body again Dr. H. H. Goddard, psychologist declared today announcing existence of a strange case of dual personality.

Bernice Redick, 19 years old and Polly Redick, 4 years old, total strangers until a few weeks ago—have been occupying the same human body. But science is slowly killing Polly in an effort to save the life of Bernice.

Hypnotism is working the cure in the peculiar scientific case.

The girl, formerly a high school pupil at Lisbon, Ohio, was brought to the juvenile research bureau here two months ago for treatment.

"She was possessed of two distinct personalities," Dr. Goddard said. "In a single day she changed back and forth eleven times from a four year old girl to her normal self, a 19 year old girl."

"The four year old personality said its name was Polly. It was normal in every way for a four year old child. It could neither read nor write, nor distinguish between colors. The child gibbered in 'baby talk' and delighted in toys."

"When Bernice got the upperhand, we would have a bright, alert, cultured young woman, who wrote beautiful letters, read good books and had ambitions to become a musician."

"There was not a single connecting link between Polly and Bernice. When the girl was Bernice she had no recollection or acquaintance with the Polly personality, and Bernice was a stranger to Polly."

Dr. Goddard found that when under a hypnotic spell the real self possessed the girl's body. In this manner he first "introduced the two personages, and upbraided the girl for lapsing into infancy."

Never say "Aspirin" without saying "Bayer"

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12, and in bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

MAY SOUND RALLYING CALL

Woodrow Wilson Considers Attempt Comeback for the League

(By United Press)
Washington, Dec. 2.—Woodrow Wilson may soon sound a rallying call urging friends of the League of Nations to a new effort to vindicate the principles the League embodies. Wilson, according to a recent caller, believes the time has arrived to test the sincerity of those who said they opposed the League on American grounds.

The former president was quoted as having said he did not believe senators could save their faces if they were now called on to vote on the question of American entrance into the League under reservations safeguarding all American rights.

FILLING STATION ROBBED

Muncie, Ind., Dec. 2.—For the second time within a few weeks the large safe at the Standard Oil filling station here was blown some time last night and the robbers escaped with approximately \$500 in cash. Entrance was gained through a rear window in the same manner as the place was entered on the night of Sept. 5, when \$1,500 was taken. The work is believed to be that of home talent.

SAY WOMAN WAS DEMENTED

Criminologists Declare Mrs. Rachel Pensis Was Melancholy

Chicago, Dec. 2.—Mrs. Rachel Pensis, who kidnapped and brutally murdered three-year-old Margaret Coughlin, was demented according to criminologists today.

The body of Margaret was found hacked to pieces and partially burned in the home of Mrs. Pensis, a neighbor, yesterday. Mrs. Pensis was dead. She had cut her throat with a butcher knife.

The woman was declared to be melancholy after examination by attendants at the psychopathic laboratory of the city three months ago. Inquest was held today.

The motorist who has driven a Buick longest is the one who appreciates Buick most

W. C. Jessup, President and General Manager of the E. H. Hotchkiss Company, Norwalk, Conn., is a staunch admirer of Buick. He tells why:

"My Model 29 Buick, purchased in 1911, has now run 150,000 miles.

"Winter and summer, it has traveled over every kind and condition of road. It has gone through miles of mud at a stretch. It has traveled for hours over Florida sands. It has plowed through snow drifts. Yet in all these years I have never had to get out of my car except for tire trouble. It always keeps going.

"The same clutch, cylinders, transmission, differential, etc., that were in the car when it was delivered are still in perfect working order."

Mr. Jessup's account of his Buick's performance is characteristic of the service given by Buicks everywhere, and accounts for the overwhelming sentiment—You can always depend on Buick.
